

## Take two hours off and increase your productivity!

ABB's campaign to convince manufacturers of the merits of investing in robots - **10 reasons why you should invest in robots** - is hitting the road.

Wake up and join ABB at one of the 11 venues throughout the UK and receive your free 'survival kit' to help you combat the manufacturing jungle.

On the road from September through to November at various locations, this tour emphasises the important role that the industrial application of robots can play in transforming productivity and profitability and in helping to ensure the long term sustainability of the UK's manufacturing industry.

On board will be a working robot demonstration, the aim of which is to show 'hands on', how easy it is to programme and operate. In-depth powerful presentations will be taking you on an educational trip, highlighting each of the top 10 reasons 'why you should invest'. One to one expert advice is on hand along with top tips, practical case studies and application videos.

Guest speakers from relevant associations will also be participating at specific locations giving the audience an unbiased synopsis on the direct and positive effect robots can provide in production processes.
